The resident showed the Council photos of HGVs and agricultural vehicles which have been unable to navigate the road, having to turn around in a confined space. Issues are exacerbated by poor road conditions. Signs have previously been placed to deter lorries, but one of these is missing. The situation is dangerous for pedestrians, cyclists and horse riders. Councillor Carrick discussed the matter with the meeting, agreeing that there are ongoing issues, with the road highly unsuitable for HGVs and agricultural traffic. There are particular difficulties in restricting certain vehicles. Councillor Carrick will request speed monitoring, which will also provide information on the weight of vehicles using route. A bespoke solution is required. Councillor Carrick to take forward.

  - Budget consultation – The Council launched its budget consultation on 16<sup>th</sup> December.
